

## Touch-Screen Analytical Balance 0.1mg TAB-1650T-110V

\$1,055.00

Touch-Screen  
Analytical  
Balance  
0.1mg  
TAB-1000T  
Series

Weighing  
Scales &  
Balances

Touch-Screen Analytical Balance 0.1mg TAB-1650T feature weighing capacity of 220 g and readabilities of 0.1 mg. Our Analytical Balance are designed with for pharmaceutical, laboratory and regulated weighing in a variety of cell and tissue culture facilities that require the highest accuracy in analytical weighing processes. Analytical Balance are designed for routine weighing applications in your workplace, offering accuracy and repeatability during essential weighing applications in education, laboratory and, industrial sector. The analytical Balance deliver competitive performance at an economical price, featuring RS232 connectivity for easy communication, and a Backlight display and a simple interface for uncomplicated operation, these Balance are perfectly designed for your workplace. Standard features include Basic functionality for routine weighing applications. Texas analytical Balance are equipped with three essential weighing modes, RS232 connectivity for data transfer and storage and internal calibration (in selected models) making them ideal for routine weighing applications. Designed for uncomplicated operation with easy-to-use display and interface Equipped with an easy-to-read, bright Backlight display and a simple user interface, they are incredibly easy to operate, with almost no training required. Smart design and durable construction analytical Balance have a small footprint which saves on benchtop space while providing a large weighing surface.
