Steam Sterilisers & Autoclaves

Vertical Autoclave

Vertical Autoclave/Steam sterilizers VA-1000 Series

Vertical Autoclave/Steam sterilizers VA-1800D floor standing self-contained sterilizer units that require no plumbing and operate from a standard single-phase power supply. Equipped with an effective air-cooling system for liquid sterilisation. This speeds cooling time by up to 40% compared to standard models. The Texas Vertical Autoclaves are available from 36 litres, 54 litres, 80 litres, and 100 litres chamber capacity. All are built with castor wheels as standard making them easy to move. Widely used for sterilisation applications in laboratory, hospitals, and clinics as well as for industrial sterilisation applications in biotechnology and pharmaceutical industries. Comes with sterilization cycle including solid cycle, Liquid cycle, Liquid with warming cycle, Agar cycle, Solid with drying (for D model), Customized cycle.
